Remote Assistance

SmartSights can provide technical support via TeamViewer and provides an option for customers to download the TeamViewer Quick Support client.

<https://smartsights.com/support/remote-support>

Customers with an expired Customer Care plan who need live technical support will need to renew their agreement, or they can purchase a one-time support case.

Customers with an expired Customer Care plan who want to upgrade will need to purchase a Subscription License. For more information and pricing please contact sales@smartsights.com.

Guaranteed SLA Response Time

The Service Level Agreement guarantees a response within a specified amount of time. This is based on the Customer Care plan tier, within the hours of operation covered by each.

- **Basic:** 3 hours SLA (ticket opened by 2:00p CST/CET Mon-Friday)
- **Premium:** 1.5 hours SLA (ticket opened by 5:30p CST/CET Mon-Fri)
- **MCS:** 30 minutes SLA

License Transfers/Recovery

License transfers to a new computer and license recovery will require the customer to submit a license request through the SmartSights License Activation page on www.smartsights.com.

<https://www.smartsights.com/relocate-or-recover-a-license/>

Customers with an expired Customer Care plan will be asked to renew their agreement, or they can purchase a one-time license transfer/recovery.

Mobile Apps

WIN-911 Mobile is a best-in-class mobile solution that provides notifications and remote access to WIN-911 systems with iOS and Android mobile devices by leveraging Microsoft's Azure cloud services.

- **Subscription Licenses:** WIN-911 Pro and Ultimate include WIN-911 Mobile functionality.
- **Perpetual Licenses:** WIN-911 Pro (formerly Interactive) and WIN-911 Ultimate (formerly Advanced) require Premium or MCS tier to maintain WIN-911 Mobile functionality.

Priority Call Queuing

Premium customers have priority queuing over Basic customers. MCS customers have priority queuing over Premium customers.

Training & Consulting

SmartSights provides hands-on virtual training from our technical trainer, with best-practice guidance and recommendations for your specific deployment requirements. Training can be 1-on-1 or provided to a group to ensure your team is confident and ready to deploy and configure WIN-911 and/or XLReporter.

Customers with Basic Customer Care can purchase Training and Consulting.

Technical Account Manager (TAM)

Technical Account Managers are your designated point of contact, focused on your success, and backed by a team of remote support experts. Each Mission Critical Support account has a dedicated TAM assigned.

Installation/Upgrade Assistance

A SmartSights technical expert can be scheduled to virtually assist your system administrator or system integrator in the entire installation and upgrade process. MCS customers will have the advantage of working with their Technical Account Manager to schedule, facilitate, and support installations and upgrades.

Customers with Basic and Premium Customer Care can purchase Installation/Upgrade Assistance.
